Hi Joanna,

Please find the responses as follows:

1. The notes you have made are an accurate record of the meeting of 14/04/2026.
2. **Site 3 - Proposed Crossing** - no further comments. We presume you can proceed with the high level outline design and costs without further delay.
3. **Site 9 - Virtual Footway and Speed management.** The additional measures required are noted. We presume the costs of these will be provided. No further comments so please proceed with the high level outline design and costs for this.
4. **Wayfinding, Signage and Football Club Link** - Creating a permissive path through and then behind the hedge along the football field as discussed in the meeting would seem a good idea and viable. The Parish Council will need to discuss this with the Football Club if approved at a Parish Council meeting. There is no need for this to be included in the design at this time as it was not in the original scope.

There are no further instructions at this time.

Kind regards

David Richards

Apologies David,

It looks like I have omitted you completely! Attached are key points from our last meeting of 14th April 2026.

If you could reply to all points raised in the email dated 26th March 2026 (also attached), I would be grateful. If there are any aspects you want to clarify, please let me know.

Regards

Joanna

Subject: MN004280 Bishops Lydeard Phase 2 - Key Points from Meeting 14/04/2026

Dear All

Attached are key points noted from our meeting held on Tuesday, 14/04/2026, regarding the issues raised on Sites 3 and 9, for your records.

Please could you advise whether any feedback, decisions, or instructions have since arisen from the full Parish Council meeting that relate to the points discussed. This will enable us to inform/instruct the Design Team appropriately on the agreed next steps.

Thank you very much for your assistance.

Kind regards

Joanna
