---

David

Attached is a Developed Brief (that includes design cost estimate and an outline programme information) for undertaking feasibility study on sites 3, 4 and 9 as requested in your email instruction sent on 8 September 2025. Please could you review and return signed version of the attached document as soon as decision is made to accept the proposed estimate.

The design programme is set up to start on 1<sup>st</sup> December 2025, so please send an approval by the end of November, if possible. Hopefully, it will give you enough time to discuss with all parties involved in a decision-making process but let me know if otherwise.

Do not hesitate to contact me if you require more information.

Many thanks and best regards

Joanna
