

MN004280 Bishops Lydeard - Pedestrian Survey for Site 9 Update

Dear All

Following the telephone conversation with David on Monday, and feedback received from Parish Council on the proposed pedestrian survey, I have had a discussion with Design Team to re-consider need for this activity. The decision was made that survey is not required, and we will proceed with using just the information we have readily available. Thank you though for your consideration on helping with the task in the first place.

Please note that the work on Phase 2 - Site 3,4 and 9 is ongoing and the lack of the survey data would not have any implication on the agreed programme.

Thank you all for your support this year in making sure the scheme is progressing and we can have a desired outcome on the ground as soon as possible. I wish you all Merry Christmas and a Happy New Year!

Best regards

Joanna
